SAP Hybris Commerce Managed Cloud on Amazon Aurora with itelligence

Consulting Offer

Start your SAP Hybris Commerce Cloud Journey on Amazon Aurora

With the e-commerce landscape becoming faster and more complex, it is critical for companies to maintain a platform that is reliable, scalable, fast, and secure. SAP Hybris on Amazon Aurora is a multi-channel e-commerce platform that helps customers run their business online, with speed, ease, and lower costs. itelligence helps you enjoy the benefits of SAP Hybris on Amazon Aurora.

Benefits

- **Reduce Total Cost of Ownership (TCO):** leverage Amazon Aurora to reduce operational costs and licensing.
- **Holistic approach:** itelligence not only helps migrate systems but also enhances backend integrations
- **Minimize downtime:** utilize Elastic Load Balancing to distribute incoming traffic, reducing chances of downtime
- **Automatic scalability:** enable customers to avoid performance bottlenecks by adjusting to many user loads

Customer contribution

- Make key stakeholders available for discovery workshops
- Make relevant platform data available
- Manage control of your source system

Key activities

Conduct assessment of your on-premises SAP Hybris Commerce Cloud environment

Schedule all activities from application and data transfer to interface adjustment and production takeover

Install the platform, deploy the application and transfer all data

Execute verification tests and implement pre-defined monitoring and operation processes

Solution Space

Discover scalable and secure solutions that will empower you to achieve your business needs with Amazon Web Services (AWS) and AWS Partner Network (APN) Partners that have attained AWS Competency designations. Customer ready solutions are based on architectures validated by AWS, include a combination of AWS services and APN Partner technologies, can be deployed quickly with solution accelerators like AWS Quick Starts, and feature optional consulting offerings provided by APN Partners, to accelerate your cloud transformation.
