SAP Solution Manager as a Managed Service on AWS with itelligence Group
Consulting Offer

Learn more about SAP Solution Manager As A Managed Service on AWS

With your SAP Solution Manager as a Managed Service (SMaaMS) subscription, you gain access to the preconfigured Solution Manager system on Amazon Web Serivces (AWS).
Certified SAP consultants help you connect your systems to SMaaMS, allowing you to focus on leveraging the application to gain insights, instead of setting it up.

Benefits

- Deploy and integrate current systems on itelligence SAP SMaaMS

- Receive regular updates to maintain an always up to date Solution Manager

- Focus on the immediate benefits of using the application, instead of spending time setting up and maintaining it

- Gain access to an SAP certified multi-tenant, fully configured, hosted Solution Manager instance

Customer Contribution

- Must establish permanent network connection with AWS
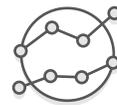

- Must have valid SAP support agreement

Key Activities

Connect and manage your SAP landscape efficiently through SAP SMaaMS

Utilize Application Lifecycle Management best practices

Leverage data to gain valuable insights into your business

Customer Ready Solutions

Discover scalable and secure solutions that will empower you to achieve your business needs with AWS and APN Partners that have attained AWS Competency designations. Customer ready solutions are based on architectures validated by AWS, include a combination of AWS services and APN Partner technologies, can be deployed quickly with solution accelerators like AWS Quick Starts, and feature optional consulting offerings provided by APN Partners, to accelerate your cloud transformation.
