

# InterVision

AWS PARTNER NETWORK (APN) HIGHLIGHT

## Who is InterVision?

InterVision is an Amazon Web Services (AWS) Premier Consulting Partner with 25 years' experience supporting education clients. Our comprehensive design and delivery approach ensures migrations are fast and effective and ongoing operations will be reliable. We can help articulate your vision, guide your cloud journey, and co-own the outcome.

### APN Premier Consulting Partner

APN Consulting Partners are professional services firms that help customers of all types and sizes design, architect, build, migrate, and manage their workloads and applications on AWS, accelerating their journey to the cloud.

### AWS Migration Competency

We eliminate the knowledge gap between legacy and cloud systems that stalls most cloud initiatives, while mitigating the risk of poor cyber hygiene and cost sprawl.

### AWS End User Computing Competency

InterVision's end user computing solutions enable clients to quickly and securely scale remote desktop, lab, and application delivery to users at a lower cost than traditional virtual desktop infrastructure.

### AWS Education Competency

After decades of experience with all facets of education, both in the US and abroad, we are now the cloud services partner for the world's largest higher education system.

InterVision's exceptional Cloud Migration Lifecycle Assurance program provides education organizations a comprehensive approach to AWS Cloud migration, operation, and optimization.
