

Sierra-Cedar

AWS PARTNER NETWORK (APN) HIGHLIGHT

Who is Sierra-Cedar?

Sierra-Cedar (SCI) has more than 20 years' experience delivering client success in the deployment, management, and optimization of next generation cloud technology. Our relationships with Amazon Web Services (AWS) and Oracle assure clients we have the expertise to implement unique, customized solutions that advance their objectives.

APN Advanced Consulting Partner

APN Consulting Partners are professional services firms that help customers of all types and sizes design, architect, build, migrate, and manage their workloads and applications on AWS, accelerating their journey to the cloud.

AWS Education Competency

SCI utilizes over two decades of experience helping educational institutions of all sizes deploy mission-critical initiatives through increased innovation.

AWS Oracle Competency

Our engagement with AWS empowers us to assist clients in designing, deploying, and managing Oracle-based workloads running on AWS.

Education qualifications

Our experienced consultants help you deploy the latest technologies so that your faculty, administrators, and students have the right tools to meet mission-critical objectives.

Sierra-Cedar is a leader in providing IT consulting and managed services to higher education, offering full life cycle services for clients planning to migrate applications to the AWS Cloud.

“*Sierra-Cedar was instrumental in assisting K-State with restoring our production HR System and migrating the system to AWS, allowing us to meet our immediate payroll deadline. They have also assisted us in staging other ERP systems for disaster recovery and business continuity capability in the future.*”
