

NorthBay

AWS PARTNER NETWORK (APN) HIGHLIGHT

Who is NorthBay?

NorthBay is an Amazon Web Services (AWS) Premier Consulting Partner focused on helping organizations of all sizes take advantage of data and applications that leverage the AWS Cloud. NorthBay helps customers plan and execute application and data migrations to AWS, modernize software platforms, and drive predictions, awareness, or automation through machine learning and artificial intelligence.

APN Premier Consulting Partner

APN Consulting Partners are professional services firms that help customers of all types and sizes design, architect, build, migrate, and manage their workloads and applications on AWS, accelerating their journey to the cloud.

AWS Education Competency

NorthBay helps provide solutions that help education establishments to operate efficiently both on campus and online.

AWS Data and Analytics Competency

NorthBay helps customers re-architect an existing set of internal applications to take advantage of AWS and provide advanced insights through analytics via a data lake.

AWS DevOps Competency

NorthBay's commitment to a structured AWS DevOps deployment process provides our clients with the ability to deliver applications, products, and services at high velocity.

NorthBay

NorthBay excels in developing and deploying database and application migrations, data lakes and analytics, and DevOps that drive measurable business impact.
