

Certificate number: 2013-009

Certified by EY CertifyPoint since: November 18, 2010

Based on certification examination in conformity with defined requirements in ISO/IEC 17021-1:2015 and ISO/IEC 27006:2015, the Information Security Management System as defined and implemented by

Amazon Web Services, Inc.*

and its affiliates (collectively referred to as Amazon Web Services (AWS)) are compliant with the requirements as stated in the standard:

ISO/IEC 27001:2013

Issue date of certificate: November 5, 2019

Re-issue date of certificate: August 4, 2020

Expiration date of certificate: November 7, 2022

Last certification cycle expiration date: November 7, 2019

EY CertifyPoint will, according to the certification agreement dated October 25, 2019, perform surveillance audits and acknowledge the certificate until the expiration date noted above.

**With regard to the specific requirements for information security as stated in the Statement of Applicability, version 2019.01 dated September 3, 2019, this certification is applicable to (a) the services and their associated assets and locations as described in the scoping section of this certificate, and (b) any affiliates that are responsible for, or that contribute to, the provision of such services and their associated assets and locations.*

J. Sehgal | Director, EY CertifyPoint

Amazon Web Services, Inc.

Scope for certificate 2013-009

The scope of this ISO/IEC 27001:2013 certification is bounded by specified services of Amazon Web Services, Inc. and specified facilities. The Information Security Management System (ISMS) is centrally managed out of Amazon Web Services, Inc. headquarters in Seattle, Washington, United States of America.

The in-scope applications, systems, people, and processes are globally implemented and operated by teams out of an explicit set of facilities that comprise Amazon Web Services, Inc. and are specifically defined in the scope and bounds.

The Amazon Web Services, Inc. ISMS scope includes the services as mentioned on <https://aws.amazon.com/compliance/iso-certified/>, the locations and AWS Service and Supporting Resources are stated in the following section of this certificate.

The Information Security Management System mentioned in the below scope is restricted as defined in the "ISMS Manual" version 2020.02, signed on July 15, 2020 by the AWS Security Assurance Manager.

This scope is only valid in connection with certificate 2013-009.

Amazon Web Services, Inc.

Scope for certificate 2013-009
