Agenda

- Introduction to U.S. Customs and Border Protection (CBP)
- Cloud Journey
- Customer Experience (CX) at CBP
- CBP One App

A large white passenger jet is shown from a low angle, with its cabin door open. A man in a tan uniform and cap is assisting a passenger with a bag. Other people are visible near the aircraft. The sky is blue with some clouds.

MISSION | TEAM | FUTURE

U.S. Customs and
Border Protection

U.S. Customs and Border Protection STRATEGY 2021-2026

CBP STRATEGY PYRAMID

One of the hallmarks of a truly great organization is a strong identity with an unshakeable sense of purpose. CBP's dedication to fulfilling our Vision, Mission, and Enduring Mission Priorities is what makes us the premier law enforcement agency. These core elements define who we are and what we do, and they are essential to our success.

Counter Terrorism:

Anticipate, detect, and disrupt the threat of terrorists, their weapons and actions to protect the people and economy of the United States

Combat Transnational Crime:

Detect, deter, and disrupt transnational organized crime that threatens U.S. national and economic security interests at and beyond the border

Secure the Border:

Protect the Homeland through the air, land and maritime environments against illegal entry, illicit activity, or other threats to uphold national sovereignty and promote national and economic security

Facilitate Lawful Trade and Protect Revenue:

Enable fair, competitive, and compliant trade and enforce U.S. laws to ensure safety, prosperity, and economic security for the American people

Facilitate Lawful Travel:

Enable, enhance, and transform the travel experience by anticipating, detecting and intercepting threats prior to and at ports of entry

CBP's continued success as a threat-based, intelligence and data-driven, operationally focused enterprise absolutely depends on how well we focus on these five Mission Priorities. They are critical to our efforts to make CBP stronger, more efficient, and more effective.

Border Protection

U.S. Customs and Border Protection | STRATEGY 2021-2026

U.S. Customs and Border Protection STRATEGY 2021-2026

CBP MISSION

Protect the American people, safeguard our borders, and enhance the Nation's economic prosperity

CBP VISION

Enhancing the Nation's security through innovation, intelligence, collaboration, and trust

Goal 1: MISSION — Protect the American people and facilitate trade and travel.

Counter Network	Leverage CBP's unique authorities, data holdings, Intelligence Enterprise, and partnerships as part of a coordinated counter network approach against cross-border threat networks
Awareness and Enforcement	Increase situational awareness to impede and respond to illicit cross-border traffic
Secure and Compliant Trade	Anticipate, identify, and address threats that inhibit cross-border commerce
Biometric Identification	Leverage cutting-edge technology to transform traveler verification and dramatically reduce the need to verify physical travel documents
Targeting and Vetting	Integrate classified and sensitive information to better inform travel and immigration benefit decisions
Stakeholder Experience	Champion and improve stakeholder interactions to protect and facilitate lawful travel and business

Goal 2: TEAM — Build a sustainable, capable workforce that is adaptable and resilient in the face of dynamic challenges.

Talent Acquisition and Workforce Development	Recruit, hire, and train the most qualified people
Wellness and Resilience	Promote physical and emotional health for employees and their families
Partnerships	Expand strategic CBP partnerships to promote economic cooperation, identify and mitigate threats, and extend influence beyond our borders

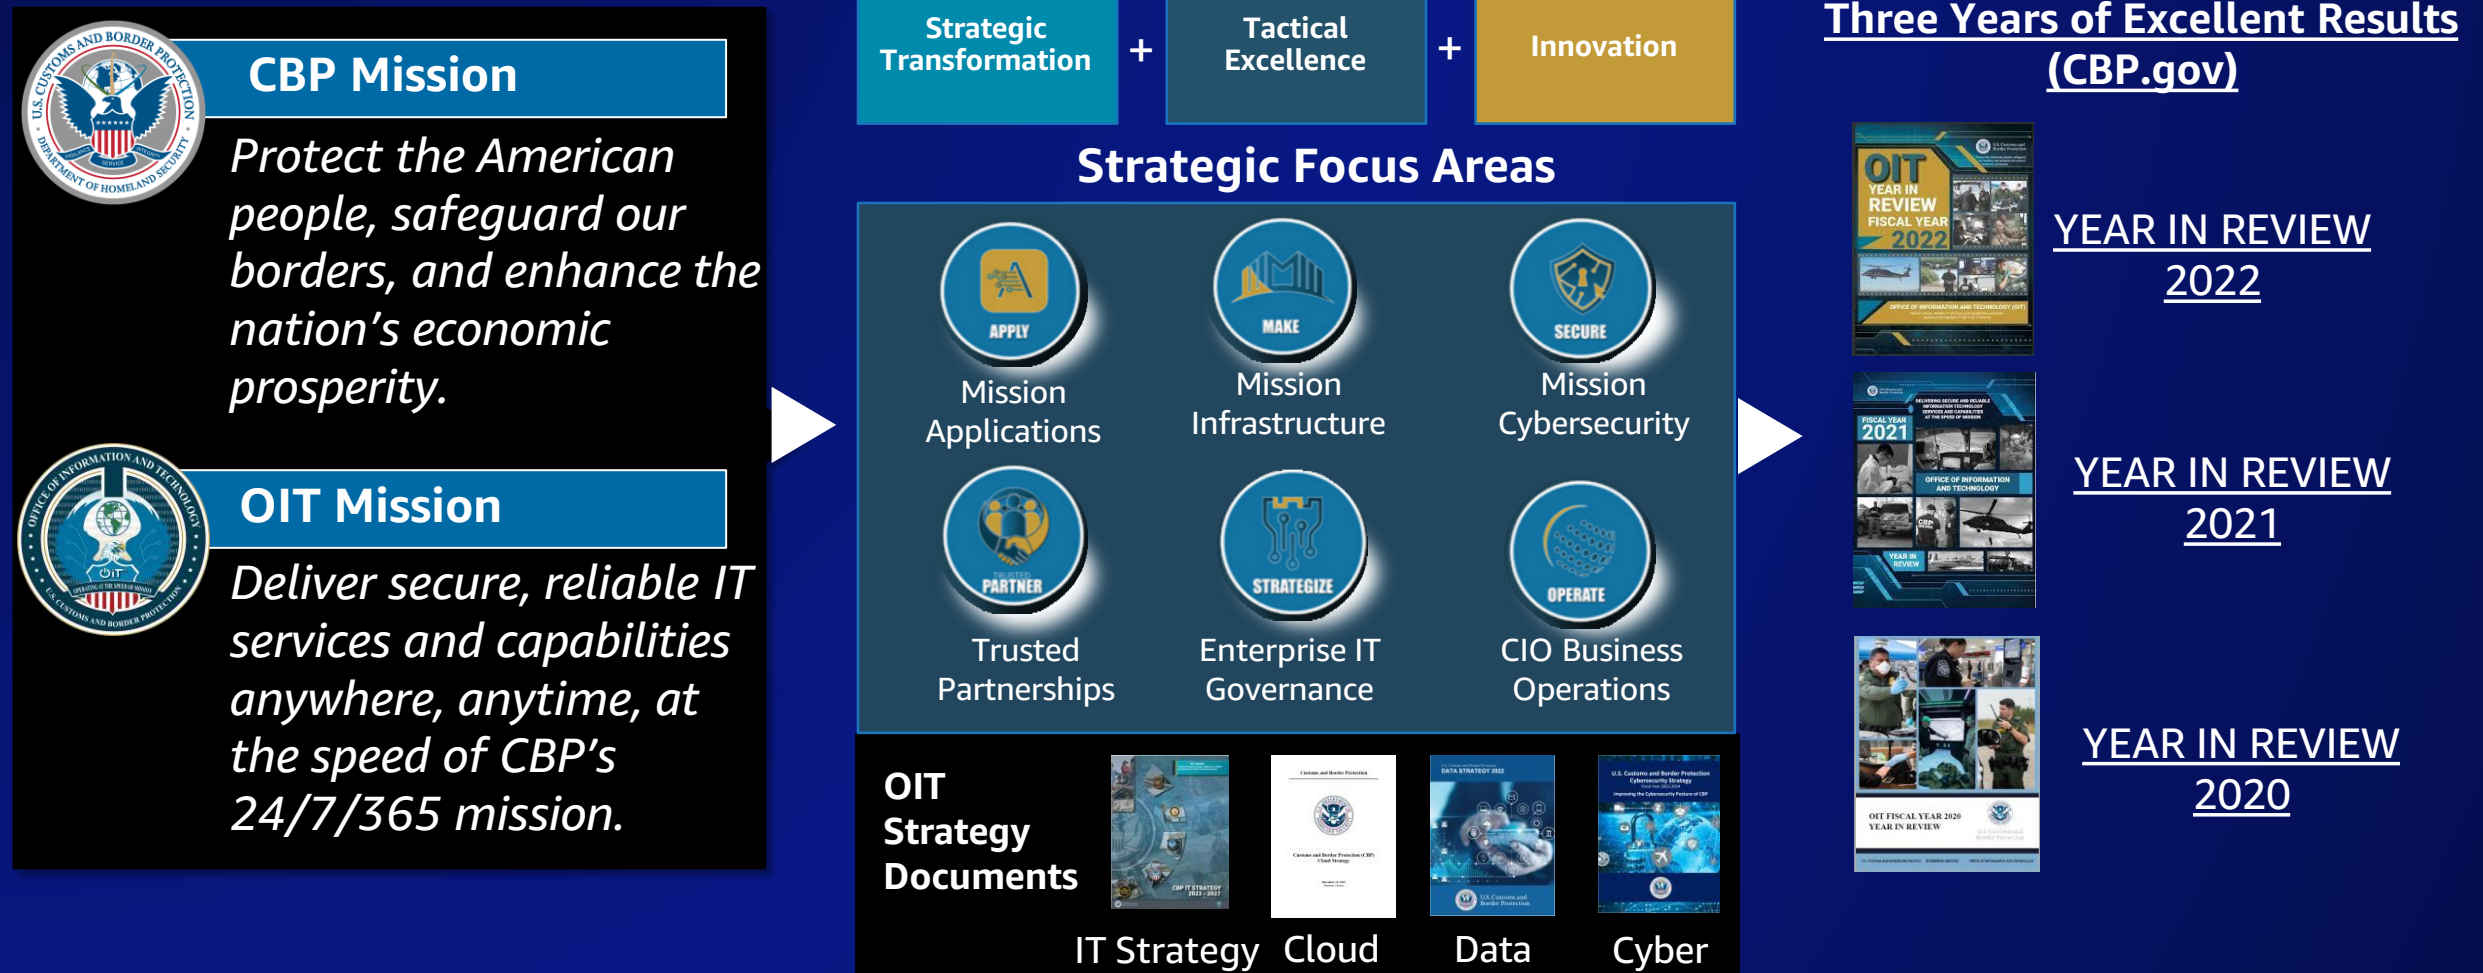

Goal 3: FUTURE — Improve CBP capability to support operationally focused, threat-based, intelligence and data-driven execution.

Data and Analytics	Maintain reliable data and apply advanced analytics to explore insights that inform critical strategic and tactical decisions
IT Infrastructure	Provide fast and reliable access to resilient, secure infrastructure to streamline CBP work
Intelligence	Strengthen CBP's ability to identify and address current and emerging threats impacting our nation's security

CBP OIT Delivers Continuous IT Transformation at Scale

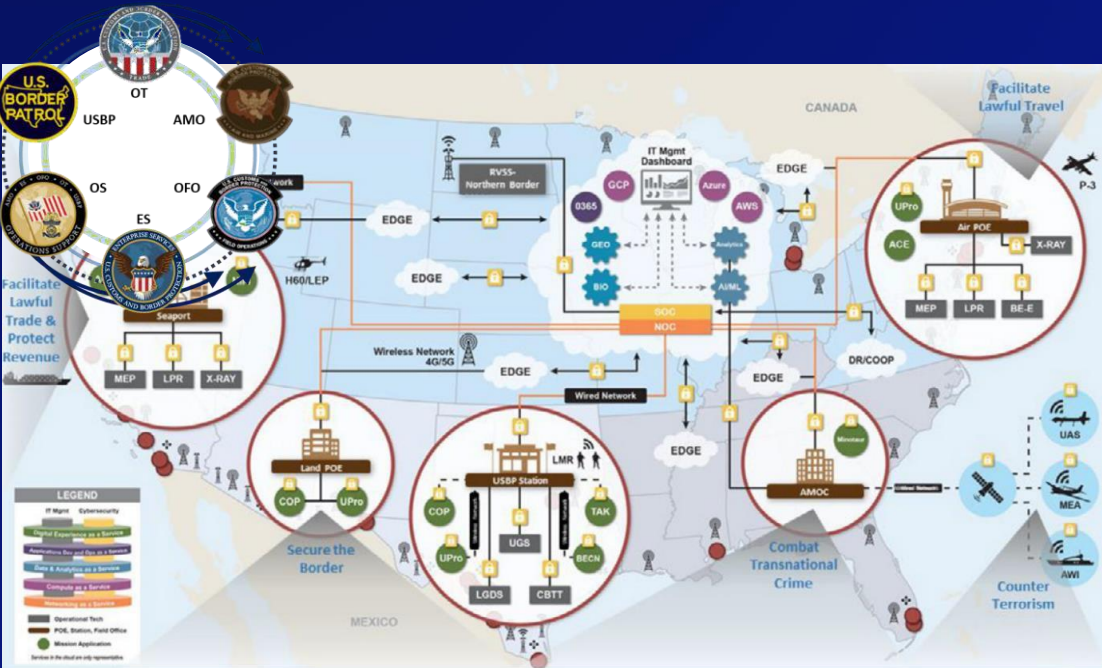

Mission Outcomes: **FASTER • BETTER • MORE RELIABLE • MORE SECURE**

Operational Technology and Information Technology Unified by Cloud

CBP OIT Support Enabled by Cloud

Cloud migration and modernization brings an array of benefits to CBP customers, mission partners, and OIT that heighten our cyber posture, optimize enterprise costs, and enhance service delivery.

Technology Environment

Our multicloud strategy enables the rapid deployment of cutting edge operational & informational technologies that are critical to our mission.

Scale of IT Environment

CBP's IT landscape is expansive and provides 24/7 mission support across 1,744 locations nationally. Metrics that illustrate our scale include:

- ↔ Over 8B Data Queries per Day
- 🖥️ 40-50B Data Exchanges per Day and 172 PB per day of traffic on network
- 🖱️ Connectivity for over 60,000 CBP Employees
- 🛡️ Hundreds of Thousands of Endpoint Devices Secured
- 🏛️ Processed 800,000+ Passengers and Pedestrians per day in FY22
- 📱 277 Mission Enabling Applications
- 🔄 Over 200,000+ Operational Technology and IT Assets

CBP's cloud capabilities enable our organization to meet the mission by modernizing our infrastructure, improving our cybersecurity posture, and expanding functionalities of our mission critical applications.

U.S. CBP ACE Collections Modernization – A Cloud Success Story

The goal of CBP IT Modernization is continue to evolve programs from Legacy technology to change and adopt modern Cloud technologies without risk to mission delivery.

The modernization of ACE Collections module is a cloud success story:

- ***Leveraged TMF funds* (\$15 M / ROI \$112B)***
- ***Modernized mainframe-based application running on a 30+ year old, 3.9 M COBOL Software Lines of Code (SLOC).***
- ***Used cloud hosted MFaaS (Mainframe As A Service) for Mainframe tasks during modernization.***
- ***Modernized to an automated Collections solution.***
- ***Retire the application from Mainframe by end of calendar year 2023***

PROCESSING STATS

- Over \$3.4T in Total Import Goods processed through the ACE annually.
- Over \$372M commercial import cargo entries through ACE.
- Over 20.7M commercial cargo export shipments per fiscal year through Automated Export System (AES).
- Total duties collected for FY 22 is \$112 B.

CBP's Collections module is the primary system for the collection of duties, taxes, and fees for the Federal Government and the second-largest source of Government revenue.

CX is Central to CBP's Strategy – Mission-led CX Roadmap

U.S. Customs and Border Protection

STRATEGY 2020–2025

CBP MISSION

To safeguard America's borders thereby protecting the public from dangerous people and materials while enhancing the Nation's global economic competitiveness by enabling legitimate trade and travel

ASPIRATION

To be the most innovative and trusted law enforcement agency in the world

GOAL 1: MISSION — Protect the American people and facilitate trade and travel

Strategic Initiatives	 Counter Network	Leverage CBP's unique authorities, data holdings, Intelligence Enterprise, and partnerships as part of a coordinated counter network approach against cross-border threat networks
	 Awareness and Enforcement	Increase situational awareness to impede and respond to illicit cross-border traffic
	 Secure and Compliant Trade	Anticipate, identify, and address threats that inhibit cross-border commerce
	 Biometric Identification	Leverage cutting-edge technology to transform traveler verification and dramatically reduce the need to verify physical travel documents
	 Targeting and Vetting	Integrate all-source information on travelers across agencies to identify threats
	 Stakeholder Experience	Champion and improve stakeholder interactions to protect and facilitate lawful travel and business

GOAL 2: TEAM — Build a capable and resilient workforce ready for anything

Strategic Initiatives	 Hiring and Retention	Recruit, hire, train, and retain the most qualified people
	 Resilience	Promote physical and emotional health for employees and their families
	 OneCBP	Create a unified and integrated enterprise working together at all levels to execute the CBP mission

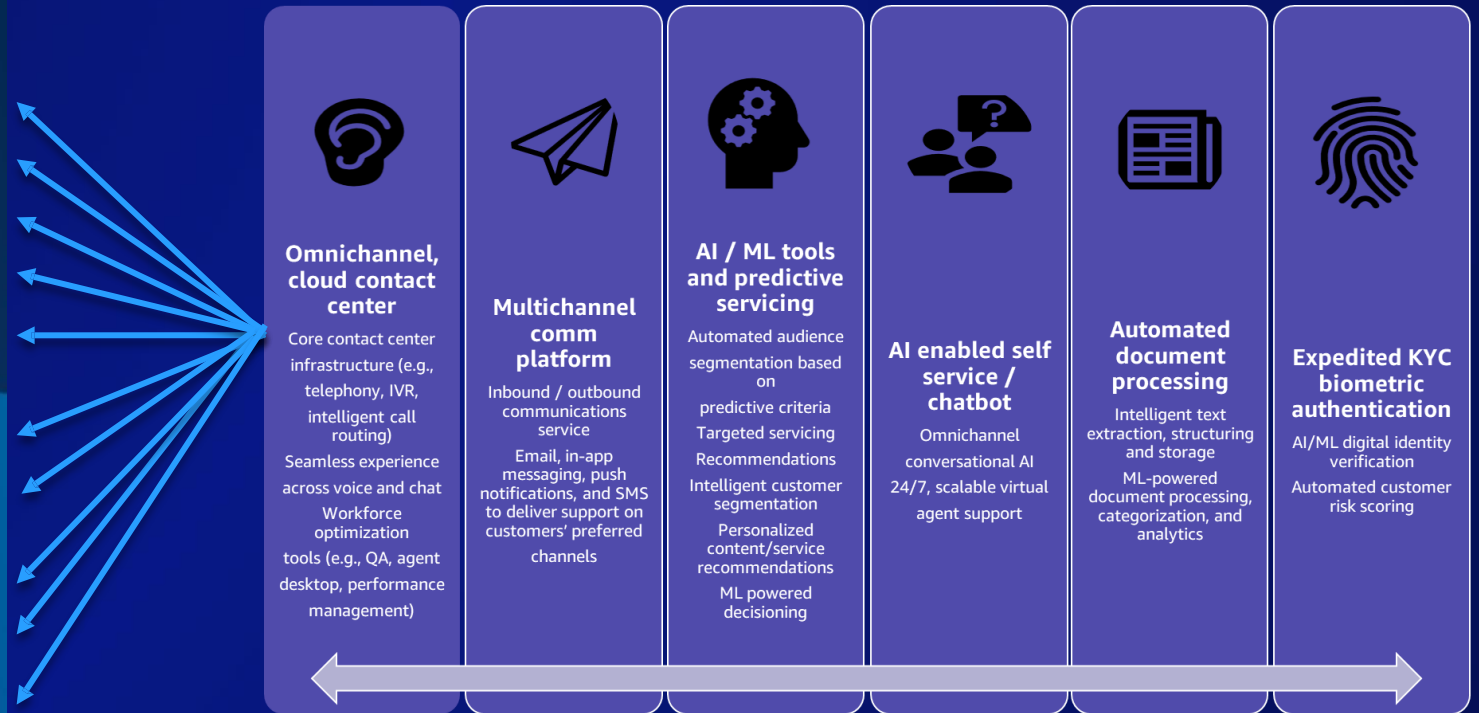

GOAL 3: FUTURE — Invest in technology and partnerships to confront emerging threats

Strategic Initiatives	 Data and Analytics	Maintain reliable data and apply advanced analytics to explore insights that inform critical strategic and tactical decisions
	 IT Infrastructure	Provide fast and reliable access to resilient, secure infrastructure to streamline CBP work
	 Partnerships	Expand international and intelligence partnerships to promote economic cooperation, identify and mitigate threats, and extend influence beyond our borders

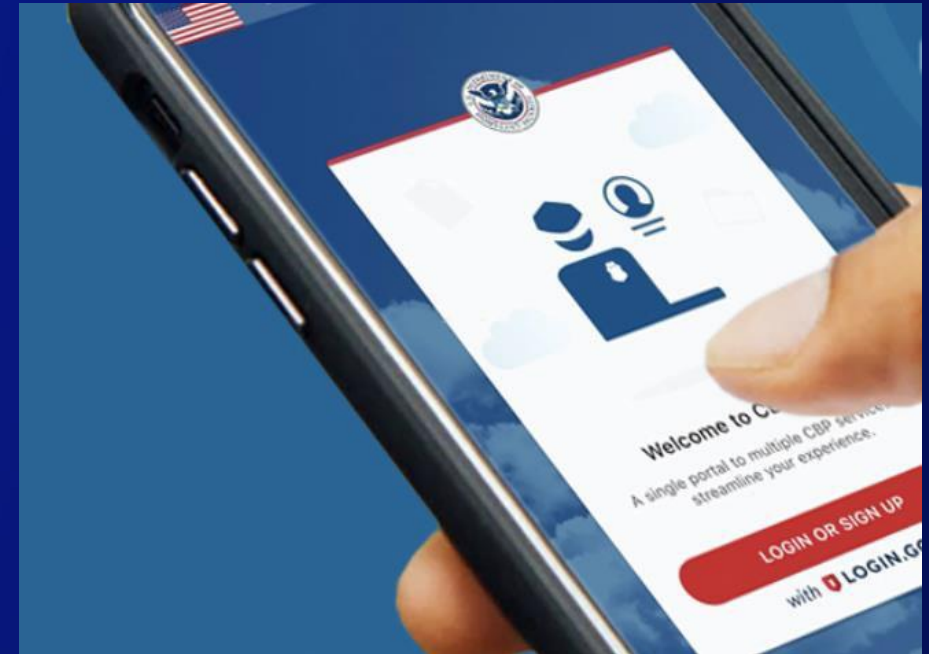

U.S. Customs and
Border Protection

Capabilities required to deliver best-in-class customer service

CBP One App Background

- The CBP One application serves as an intuitive single portal to a variety of CBP services.
- CBP One utilizes plug-in architecture to easily integrate new public facing applications and allows applications to share basic services such as login, document scanning, liveness (determining that user is a live person), and facial matching authentication.
- CBP One currently has several available features, with more scheduled to roll out over the next year. Current features include:
 - ✓ Mobile access to the scheduling application
 - ✓ I-94 Entry
 - ✓ Workflows for submission of advance information for asylum seekers
 - ✓ Air traveler inspection requests
 - ✓ International Organization (IO) boarder presentation scheduling
 - ✓ Digitized bus operator manifest submissions

[CBP One™ Mobile Application | U.S. Customs and Border Protection \[CBP.gov\]](#)

CBP One App Statistics

- 116,000+ individual appointments scheduled and 101,000+ Total processed using the CBP One app since 1/12/23.
- Using Cloud and Cybersecurity protections.
- Allows more open access and reduces the exploitation of vulnerable persons seeking to present at ports of entry.
- Rapid implementation of process improvements and software updates have driven numbers (e.g., CBP addressed reported challenges related to geolocation and error messages due to bandwidth issues with a third-party software for liveness).
- CBP One's undocumented noncitizen scheduling functionality is now available in English, Spanish, and Haitian Creole.
