Deaf Kids Code

Our Mission

Deaf Kids Code promotes technology, computer science, and design thinking skills as an innovative tool to empower deaf/hard of hearing students socially and economically.

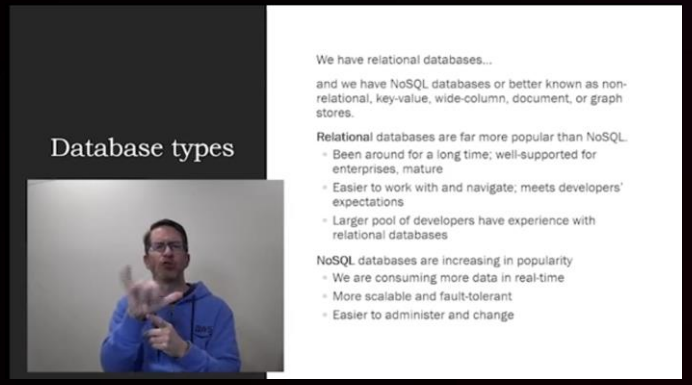

Our Vision

Deaf Kids Code's vision is meant to bridge the severe economic and social gaps that exist among the deaf/hard of hearing through the cultivation of computing and technology skills.

Get involved

A strong community is key for us to effectively be impactful. We are always looking for interested people and companies wanting to donate their time, talent, and resources. Any support provided helps us succeed in facilitating what we do.
