Cloud Adoption Framework (CAF)

Accelerating your cloud-powered digital business transformation

- Identify and prioritize transformation opportunities
- Iteratively evolve your transformation roadmap
- Evaluate and improve your cloud readiness

Reduce business risk
- Lower cost and risk through improved reliability, increased performance, and enhanced security.

Improve ESG performance
- Leveraging insights to improve sustainability and corporate transparency.

Grow revenue
- Enable new products and services, reach new customers, and enter new territories.

Increase operational efficiency
- Reduce operating costs, increase productivity, and improve employee and customer experience.

27% lower cost per user
58% faster time to market for new features and applications
57% less downtime
34% lower security events
37% fewer security events
38% less time to deploy new code
27%*
34%*
58%*
37%*
57%* (Environmental, social, and governance data collected as part of AWS Cloud Value Benchmarking)

To learn more about the AWS CAF, please see the ebook.

AWS CAF perspectives and foundational capabilities

Business
- Ensure that cloud investments accelerate your digital transformation and business outcomes.

People
- Build a culture of continuous growth and learning, where change becomes business-as-usual.

Governance
- Align and enforce your cloud strategy, increase legal and regulatory compliance, and reduce cloud transformation-related risks.

Platform
- Accelerate delivery of cloud workloads via an enterprise-grade, scalable, hybrid cloud environment.

Security
- Ensure confidentiality, integrity, and availability of your cloud assets and environments.

Operations
- Ensure smooth delivery that meets the performance and capacity requirements of your business.

Emotion
- Identify and transform culture to reflect your strategic objectives.

Align
- Identify capability gaps and cross-organizational dependencies.

Launch
- Deliver pilots in production and demonstrate incremental business value.

Scale
- Expand pilots to desired scale and ensure that you can realize and sustain business benefits.

Transform Incrementally
