

This is to certify that

**Amazon Web Services (London & Dublin)**

60 Holborn Viaduct, London, EC1A 2FD

Has been assessed

by Zia Rehman for Perspective Risk Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: Cyber Essentials Plus of Amazon AWS London & AWS Dublin

Certification date: July 19th, 2018

Recommended re-assessment date: **July 12th, 2019**

Certificate no.: 6185151644221593

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
